

EFFORTS WILL BE MADE TO REACH AGREEMENTS

**Milkmen's Committee Will
Meet Tonight With Bor-
ough Council.**

CONTRACT IS RETURNED

**Supposed That Affairs will be
Finished up With Water
Company.**

It is possible that agreements will be reached tonight by council and the dairymen of Charleroi on the milk question. The committee from the Dairymen's Association will be present, and the matter will be taken up and their contentions given an airing. It is hoped that an amicable agreement can be reached.

The committee from the Dairymen's Association is W. A. Sphar, Floyd Bonnell, Van Robinson and Noah Carson. The meeting will be convened at 7:30 o'clock so as to give them plenty of time to the subject and allow the milkmen to return home early. The milkmen have said that they would not sign any contract by which they agree to observe the conditions of the ordinance, inasmuch as they consider that to do so they would be only throwing themselves open to perjury, from the fact that the conditions are such that they cannot live up to them. There have been no licenses taken out by any of the dairymen as yet, although the time is long past due.

It is possible that the ordinance will have to be slightly amended in order to make possible an agreement. This the council is willing to do, it is understood, if they can fairly conciliate the dairymen. Expressing it briefly, the ordinance was passed in order to insure a clean quality of milk in all times, and this is all that is desired.

Another important matter that will in all probability be taken up tonight is that of the signing up of the water contract. The contract has been returned from the attorneys' hands and is now ready for signatures. It is likely that council will tonight authorize the signing of it by the president, clerk and burgess.

Fallowfield.

The Fallowfield schools opened Monday.

Miss Jane McMillen, Miss Ada Bonnell and Miss Elizabeth Hetherington are at Niagara Falls this week.

Michael Mancha, of Cokeburg, was a Sunday visitor with Misses Sarah and Minerva Mancha of this place.

Mr. and Mrs. Charles Coulter and son Glen of Maple Creek were Sunday visitors with the latter's parents, Mr. and Mrs. Isaac Jacobs of near the Dickey school house.

Mr. and Mrs. Joseph Greenlee and children of Philadelphia, were Sunday guests of Mr. and Mrs. Blaine Riggie of this place.

The corps of engineers which surveyed a line for a street car line up Pigeon creek from Monongahela some time ago, is along this week locating the line.

Mrs. Eli Kell and children are spending a few days this week with her daughter, Mrs. George Smith of Monongahela.

Mrs. Townsend VanVoorhis of Monongahela, is spending this week with her son, Luther VanVoorhis, of VanVoorhis Station.

The Carroll township schools are holding a picnic at Elders park today.

Berry Acquitted on Plea of Self Defense

**Court Does not Hold Him for
Shooting of Walter
Tross.**

George Berry, the Wireton negro, who shot and killed Walter Tross at Wireton on June 13, has been acquitted of the deed by the Westmoreland county courts, on the plea of self defense. Tross was shot while participating in a crap game. He died at the Monessen General hospital after living a day. The coroner's inquest was held at the undertaking rooms of Cornell and Crowley, Charleroi, and the jury recommended that Tross be held.

WILL USE SAME METHOD AS THAT OF ALLEGHENY

**Controller Moffitt Visits Con-
troller's Office in
Pittsburg.**

Controller John H. Moffitt was in Pittsburg yesterday inquiring further into the system used in the controller's office in Allegheny county. It has been decided to adopt the system that is used in Allegheny county in preference to the Westmoreland county system.

Mr. Moffitt said that the Allegheny county system was simple and more easily worked out, and that it kept a double check on all business. The system that will be put in force in this county, he said, would of course not be so broad as the Allegheny county system.

In Westmoreland county the system used is taken partly from the Allegheny system and partly from Lackawanna county. On his recent visit to Westmoreland county Mr. Moffitt found that they consider the Allegheny system the better.

Mr. Moffitt and Deputy Controller Charles H. Richie have been busy in preliminary work relative to securing the necessary stationary, books and papers for the office. This will take two or three weeks yet to get in shape, so that the office will not be ready for business for some time. There is a large amount of work involved in getting the system arranged for perfect working.

The controller will exercise a complete check over all of the other county officials. At any time the controller is privileged by law to enter any of the other offices with an auditor and check up the books and accounts of that office. Mr. Moffitt is making a thorough study of the system and when he opens the office will be ready to start right.

Veterans to Meet.

The 37th annual reunion of the 85th regiment, Pennsylvania Volunteers, will be held at Uniontown on Wednesday and Thursday, September 22 and 23. Many of the members of this famous regiment residing in Washington county are arranging to attend. Gen. Joshua B. Howell, of this regiment, was killed at Petersburg, September 14, 1864. The regiment participated in many of the important battles of the war.

MAY BRICK THE SPROUL ROAD IN FALLOWFIELD

**Will Have to be Either Re-Covered or Rebuilt--
Necessary to Repair it Every
Sixth Year.**

It is possible that the Sproul road extending from Lincoln avenue extension up Maple Creek to the junction of the Bentleyville and Centerville roads in Fallowfield township may be bricked within the course of a year or so. The road, which is about three miles in length, will either have to be re-covered or bricked, and the township officials are said to favor the latter.

It is necessary for roads such as this one to be re-covered every six years to keep them in shape. It has been nearly six years since the Sproul road was constructed connecting with Lincoln avenue extension, and according to the contractor who built it, it is now showing need of re-covering.

Limestone is used to cover the road. This is laid upon a Telford bottom which is the placing of stones edge up. The township road supervisors have begun to see the necessity of improvement of this road and will likely take up the matter at an early date.

DRUM MAY APPEAL TO HIGHER COURT

**Frederick H. Ward Will
Likely Appear for
Sentence.**

Inquiry of those concerned as to whether any settlement had been reached in the case of the Commonwealth against Clifford H. Drum and Frederick Ward, convicted last week of conspiracy to defraud, elicited the information that nothing had yet been done. Monday next is the day set for imposing sentence, and something must be done within the next day or two.

Attorney A. M. Linn, of the counsel for Drum, said yesterday that there was to have been a meeting Tuesday relative to the settlement suggested by the court, but that no meeting was held. Mr. Linn said he had been expecting a call all week to go to Coal Centre.

As to Ward it has been intimated that there would be no settlement, but that he would likely appear for sentence on Monday and a supersedeas would be asked pending an appeal. One of the attorneys in the case is said to have remarked that "it looks like a superior court case to me."

INSPECTOR VISITS TOWNSHIP HOUSES

**Representative of State Board
of Health Working in
this County.**

To inspect every house and the surrounding premises in four townships is the duty required of E. M. G. Crawford of Washington who is a representative of the State Health Department in South Strabane, North and South Franklin and Canton townships. For the past four days Mr. Crawford has been traveling over South Strabane and at the present rate of progress it will require at least three weeks to complete the work.

The State Health Department is nothing if not thorough in this matter and every detail must be cared for. Mr. Crawford has received from the department a map of the United States geological survey showing every road in the four townships. On this map following his investigations Mr. Crawford must mark the location of every house and in a foot note give an account of the sanitary condition found about each place he visits.

MONESSEN TO HAVE OPENING TO RIVER

**P. and L. E. Railroad will
Assist in the Construction
of Tunnel.**

Monessen is to have a much desired outlet to the river through the construction of a tunnel. A proposition, which has been accepted, has been submitted to council by the P. and L. E. railroad, and this company will do a part of the work. It is planned to have the tunnel extend under the railroad and it is to be arched.

WILL ORGANIZE CLASS IN MUSIC

**Eastern Paper Pays Compli-
ments to Prof. Daniels of
this Place.**

The following from the weekly Drum of Scranton, concerning Charleroi's new instructor of music for the public schools, shows how he is regarded where he is known:

Frederic T. Daniels, formerly of Canton, O., the successful choral conductor and well known Escondido adjutant, is now a resident of the Keystone state, as he has accepted the position of supervisor of music in the public schools of Charleroi, a thriving and growing town on the banks of the Monongahela river, a distance of about thirty-five miles from Pittsburg. In connection with this position, he has added that he will open a studio for voice culture, and we presage there will be "something doing" in the musical circles of Charleroi in the near future as the town heretofore never had a musician of his ability and experience. Charleroi is within hailing distance of a number of prosperous towns in the Monongahela valley, and it is certainly a promising field, with great possibilities. We venture the prediction that Mr. Daniels will shortly have an excellent choral society there, and that the music lovers of the town will be "sitting up and taking notice" of what can be accomplished by a well qualified instructor and a proficient musician.

Mr. Daniels was a Pittsburg visitor on Sunday, and sought in vain an opportunity to hear a Welsh sermon, as the shepherd and the flock of the Oakland church are on a vacation period this month. Had his visit been timed a week later, his desire would have been gratified, as services will be resumed next Sabbath day.

Charleroi is within close proximity to Pittsburg, with excellent train and street car service and it is reasonable to presume that he will be a frequent visitor to the Smoky City where he has a number of friends and admirers.

AWARDS ARE MADE FOR CONSTRUCTION OF COUNTY ROADS

**Monongahela-Donora High-
way Among Those for
which Contracts are Let**

Contracts were awarded by the county commissioners yesterday afternoon for the several stretches of road, for which bids were opened on September 1.

The commissioners and engineers have had several conferences since the bids were opened. The contracts for the Monongahela-Donora road, a distance of two miles and 200 feet, which is to be brick, was let to Thomas Sweeney and Co., at \$33,328.20. The Houston-Canonsburg road a distance of 2,970 feet, was let to Abbott and Myers for \$9,537.70. This road is also to be of brick. The Washington-Meadowlands road, from McLean's bridge to Meadowlands, one mile, was let to the Hallam Construction company at \$11,642.90. The im-

LEWIS BECOMES WRATHY AND REFUSES TO DIVULGE PLAN

Will Build New Road.

Manning Stire, general manager of the Pittsburg, McKeesport and Westmoreland Railways company, announced yesterday the concern will have a line between McKeesport and West Newton in operation within a year. The company has been granted a franchise in West Newton and next Monday bids for excavation work will be opened at the McKeesport office. The company has given a \$5,900 bond to complete the line between McKeesport and West Newton within a year. The distance is 19 miles.

TOO MANY FALSE ALARMS RILE THE DONORA FIREMEN

**Even Now Several Members
of the Company will not
Turn Out.**

The Donora firemen are much stirred up over a number of false fire alarms that have been turned in within the past few days. The fire alarm is an almost daily occurrence, and it has become so that even the firemen will hardly turn out now. As a result it is feared there will be a bad fire some of these days, and a lack of men to fight it.

One of the most ridiculous happenings to cause an alarm to be turned in, and consequently one that made the firemen boiling mad, was on Wednesday, when Anna Salosky sent in an alarm because a stewer of jelly boiled over while she was cooking it and caused a smoke.

made of guilty persons turning in these false alarms.

Notice.

I have sold the bloodhound "Hig," who was purchased partly by subscription two years ago on the terms that the public was to have 18 months' service with the dog. For the two years he has been at the disposal of the public, but any person contributing to me who is not satisfied can have his money back on application.

Harvey Osborne.

Charleroi, Sept 10, 1909. 201

Last night the lady employees of Eldora Park gave a supper to the management at which Manager T. P. Sloan was the guest of honor. All had a delightful time, and in return for the honor Mr. Sloan gave the ladies the freedom of the park for the evening.

Miss Dora Potter has returned to her home in Mansfield, Ohio, after an extended visit at the home of her uncle, W. E. Potter.

Improvement of the Monongahela pike, the Ginger Hill section from the Annie George farm to Ginger Hill, one mile and 120 feet, was let to the Donora Construction company at \$13,039.50. The Monongahela Pike, Eighty-Four section, from Clokeyville to William Foulk's farm a distance of two miles and 200 feet was let to N. C. Hunter at \$18,593.30. The Claysville-Prosperity road, from Claysville to the Sawmill school house, a distance of two mile and 1,500 feet was let to Neelen and Daley at \$22,204.50.

**The Fight of the Miners
Keeps Right on at
Pittsburg.**

FEENAN GETS BEST OF IT

**Several Times Words Passed
Between National and Dis-
trict Presidents.**

Considerable unrest prevailed among the delegates to the special convention of the United Mines Workers in Moorhead Hall last night when adjournment was taken on this morning owing to disappointment over not hearing the expected proposition for the settlement of the explosive question by President Thomas L. Lewis. Mr. Lewis declined to submit his proposition to the district convention because the convention adopted the report of the committee on officers' report, part of which was a criticism of President Lewis.

Several times during the day a war of words passed between President Lewis and District President Francis Feenan. When adjournment was taken there was a resolution pending condemning the International Executive Board for not settling the powder question long ago and demanding an immediate settlement.

President Lewis, near the close of the afternoon session, claimed the convention had adopted a report containing allegations not substantiated, and that in view of that fact he would present his proposition to the International Executive Board instead of to the convention as he is acting under the direction of the International Executive Board.

from time to time to get the international officers to take some action looking to a settlement of the question for the last eight months.

MORE WORK OF HORSE THIEVES

What is probably some more of the work of the gang of horse thieves that is said to exist in this section was that of the stealing of two horses from the stable of Collins Brownlee of West Middletown. The horses were found yesterday locked in a house near that town. The animal had been there for several days and were in an almost famished condition, having had no food or water. They had doubtless been taken and maliciously left there, when capture was feared.

The horses disappeared from the field and a search failed to find them. A little girl happened to be passing the old brick house on what is known as the Arnold Lawton farm when she heard a noise in the building. She made an investigation and saw the two horses. She at once notified Mr. Brownlee and the animals were released.

Hold Banquet.

A banquet by the Old Home Week committee of Monongahela was held last night. The affair was a huge success in every particular. This is the first anniversary of the old Home Week celebration.

A Blow to Developments.

The death of E. H. Harriman, the great railroad magnate, is undoubtedly somewhat of a blow to this section, inasmuch as it is likely to delay the rehabilitation of the Wabash interests, which Mr. Harriman was said to have in immediate contemplation. This done new developments in the upper valley were sure to have followed, which would have undoubtedly been pushed in this immediate vicinity. Now, with the death of Mr. Harriman, these developments will probably be held in abeyance until some other administrative genius is found, who can get into the details of the Pittsburgh district traffic of which the Pennsylvania railroad company has a virtual monopoly.

When the Gould interests were in the ascendancy seven or eight years ago all sorts of railroad extensions from the Wabash system were planned into this immediate district. By the acquisition of the Pittsburgh Belt line

the Wabash secured access to the big steel mills and mines along the Monongahela river. The Belt line terminated at Clairton, but before the Gould interests went into the hands of a receiver rumors were rife that the line was to be extended to the big mills at Donora and Monessen, and to the Connellsville coke regions. Greene county also expected an extension of the Wabash, which would have given coal developments there a decided impetus.

While these developments are likely to come sooner or later, the death of the one who could execute them the soonest interposes a check. Harriman's death is a blow to this section.

An Annual Event.

"Bridge openings" in the river district of the county seem to be an annual event. Charleroi set the pace in the fall of 1907, when the opening of the bridge across the river to Monessen was celebrated with a monster demonstration. This was followed by the big celebration at Donora last fall, a year later, when the joint county bridge was opened between that town and Webster. Now the Monongahela chamber of commerce is planning to celebrate the opening of the joint county bridge there next month, which was erected to take the place of the one purchased but condemned by the Government.

Nothing is more conducive to the development of a community than easy access. The three bridges enumerated have materially opened up the lines of communication between populous centres, which had been hampered by the impassable barrier of the river. With easier communication trade and commerce have been stimulated, more good roads constructed, and the whole district immeasurably benefited. For three years bridge openings have marked an era of progressive development and the community will do well to make it an annual event.

Brick Roads.

By the letting of contracts for two county roads to be constructed of brick, the county commissioners will give that system a trial and possibly settle the controversy that exists as to the best methods of road construction. It is stated that the macadamized roads constructed by both the county and State are not altogether satisfactory, as neither of them stand up under ordinary traffic without expensive repairs. It is even contended that the nature of the soil here is such that a permanent bottom cannot be attained and that it shifts and sinks to such an extent as to greatly damage the macadamized roads that are constructed.

The real cause, however, is probably lack of attention. Instead of giving the roads constant attention, as is done in the old countries, the roads are permitted to go long periods without any repairs. Every road as soon as constructed develops weak spots, which should receive prompt attention. It is this care that makes the roads in Europe so perfect in the eyes of American travelers, and the lack of it that makes the Washington county roads so expensive to

maintain. Unless the proposed brick roads are looked after as carefully as the streets of a city they will also be characterized as failures.

Electric Sparks

They talk about hard cash, and un-easy rich, but there are few but whom are ready and willing to assume the management of a fortune.

Baseball doings down in Pittsburgh have caused considerable of a stir lately. Feeling has run so that fans have taken to telling them how the game should be played. And others have taken it upon themselves to tell the umpire that he is not what he is generally supposed to be.

The New York World says the Democratic party is dying at the top. Evidently the World as a Democratic newspaper feels that the best way for it to insure its future success is to shift around some.

Playing ball and running a newspaper are somewhat similar. The fans cuss the players in a game because they think they know more about the business than the men on the field, and the same individuals tell the editor how his paper should be run.

It is most noticeable that the men who makes the most mistakes—themselves are the persons anxious to tell others of their failings.

A New England poet has tried to write a National song that will take the place of "America." His last line is "Proud we of thee!" That doesn't sound very well. It would hardly bear the proper recognition for such a song.

The latest is that Denmark will claim the pole. Now, look here, you fellows over there, we want you to distinctly understand that we found that affair and that if you don't behave you might butt into the Monroe Doctrine.

The Donora man who secured a marriage license for one girl, then sent it back with a request for a license to wed another, must have compared tempers.

A Thirteenth Century Drink.

Thirteenth century tastes in food had few limitations. Besides the "fowl of Africa and the rare gadwit of India" mentioned by Fitzstephen, gourmets in the time of King John used to regale themselves on herons, cranes, crows, storks, cormorants and bitterns. Some would wash their meals down with wine, but the majority drank mead or metheglin. Mead, according to Holinshed, was only the washing of the combs after the honey had been taken from them and so poor a beverage that it had to be spiced, peppered or made palatable with sweetbrier or thyme. But metheglin contained one hundredweight of honey to twenty-four gallons of water and must have been much more intoxicating than the strongest old ale of the present day.—London Chronicle.

Gift For Those Going Abroad.

A pretty and convenient little gift to make for the friend who is going abroad is in the form of a linen envelope about an inch longer and wider than the picture postcards which are so popular.

Green or blue linen may be used and the words "Postal Cards" embroidered in the outline stitch on the front of the envelope. You can embroider your friend's initials on the flap, which fastens with a button and loop.

The envelope is bound with white ribbon and makes a dainty case for the foreign postal cards.

LOCAL NOTES

Brief Mention of People and Events in this Community.

Misses Carrie and Minnie Porter of Washington avenue have returned from Butler where they spent two weeks with friends.

Rev. L. W. Shey is spending the day in Pittsburgh with friends.

Mr. and Mrs. J. E. Abell and daughter Miss Margaret of California and Miss Jennie Abell of Pittsburgh are guests today of Mr. and Mrs. Edgar Abell of Crest avenue.

Mrs. S. R. Collins and son, and Mrs. Greenwood are spending the day in Pittsburgh.

Mr. and Mrs. John Majors and Mrs. Charles Byland are spending the day in Homestead with friends.

Dale Allen, after a visit here with his parents, returned today to Girard where he is in business.

Mr. and Mrs. J. L. Reeves and Mrs. and Mrs. V. E. Reeves returned yesterday from Wheeling, W. Va., where they attended the fair. They made the trip in automobiles.

The will of Harry E. Beatty, late of Charleroi, has been admitted to probate. The decedent bequeathed his estate to his widow, Mary Emma Beatty.

The will of Lawrence Evans, late of Charleroi, was admitted to probate yesterday at Washington, and letters issued to I. O. Wycoff. Decedent wills his estate to his widow, Mary Evans.

Mr. and Mrs. J. K. Smith and Mr. and Mrs. J. J. Hott left today for New York City, where they will spend a few days.

FOUND—Two suit cases at corner of McKean avenue and Fifth Wednesday. Name on letter inside of one. Mrs. Lewis Burch, Millsboro. Owner may have same by calling at police station, claiming property and paying for add.

At the recorder's office yesterday a transfer of coal land was recorded from William J. Kyle et al., to George W. Dawson and others of Charleroi, undivided seven one-hundred eightieths of 95 tracts of coal in Morris and Richhill townships, Greene county and East and West Finley townships, Washington county, comprising 9,000 acres in all and amounting to \$39,905.

Dissolves and removes greasy dandruff and all traces of other diseases from the scalp. It invigorates the scalp and keeps the hair clean and healthy. It revives the circulation throughout the scalp and makes it tingle with new life. Every bottle backed by unlimited experience.

C. W. Weltner, Druggist

Care in Preparing Food.

In recent years scientists have proved that the value of food is measured largely by its purity; the result is the most stringent pure food laws that have ever been known.

One food that has stood out prominently as a perfectly clean and pure food and which was as pure before the enactment of these laws as it could possibly be is Quaker Oats; conceded by the experts to be the ideal food for making strength of muscle and brain. The best and cheapest of all foods. The Quaker Oats Company is the only manufacturer of oatmeal that has satisfactorily solved the problem of removing the husks and black specks which are so annoying when other brands are eaten. If you are convenient to the store buy the regular size packages; if not near the store, buy the large size family packages. 14

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky. — "Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. SAM'L LEE, 3223 Fourth St., Louisville, Ky.

Another Operation Avoided. Adrian, Ga. — "I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

BOTH PHONES.

NOTED BY A TOURIST.

Some of the queer things that were observed abroad.

About half one's time in traveling abroad is spent in trying stamps. No matter how many I put on a letter, I had no faith to believe that it would reach America. I found that I could send a letter with one stamp on it if I paid enough for it, also that I could get a denomination of which it would take twenty. In Cairo I put fifteen sphinxes and pyramids on the front of a letter and five on the back. As for postal cards, imagine asking for one in the Belgian language—Wereldpost-vereeniging?

But it is in a Mohammedan country that an American mind needs readjustment. We woke one morning in Constantinople and found our calendar five days ahead of theirs, our watches seven hours behind and the name of the month Ramadan. The Mohammedans seem to live up to their religion in a more definite way than we do, and we soon learned what to expect. The porter would drop one's trunk when the muezzin called to prayer. The sacredness of animal life compelled us to walk around the hundreds of lazy dogs asleep on the sidewalk. We were required to take off our shoes instead of our hats when entering a mosque. Women were not allowed to pray, because they "have no souls." Friday was the day for Sunday, and a camera was an "evil eye" and could not be carried into any sacred place. Our artist was once charged 20 cents extra for keeping an evil eye in his room all night.

Before the journey ends the tourist has lost his identity completely. At first he is from "Kalamazoo, Mich.," then from "Michigan," later "the United States," soon the "States," and the writer was once introduced to a gentleman from Tuscany as "the lady from North America." —Delineator Magazine

YOU TAKE NO RISK.

If you suffer constipation in any form, we believe we can furnish you permanent relief. If we fail, the medicine will cost you nothing. We want you to try Rexall Orderlies. They are eaten like candy, do not gripe or purge, cause no inconvenience whatever, and can be taken any time day or night. Try them today at our risk. Two sizes, 10c. and 25c.

Piper Bros. are pleased to announce to their customers that they have secured the Agency for ZEMO, the best known remedy for the positive and permanent cure of Eczema, Pimples, Itch, Blackheads, Piles and every form of skin or scalp disease. EFFORTS WILL BE MADE TO REACH AGREEMENTS

**Milkmen's Committee Will
Meet Tonight With Bor-
ough Council.**

CONTRACT IS RETURNED

**Supposed That Affairs will be
Finished up With Water
Company.**

It is possible that agreements will be reached tonight by council and the dairymen of Charleroi on the milk question. The committee from the Dairymen's Association will be present, and the matter will be taken up and their contentions given as airing. It is hoped that an amicable agreement can be reached.

The committee from the Dairymen's Association is W. A. Spahr, Floyd Bonnell, Van Robinson and Noah Carson. The meeting will be convened at 7:30 o'clock so as to give them plenty of time to the subject and allow the milkmen to return home early. The milkmen have said that they would not sign any contract by which they agree to observe the conditions of the ordinance, inasmuch as they consider that to do so they would be only throwing themselves open to perjury, from the fact that the conditions are such that they cannot live up to them. There have been no licenses taken out by any of the dairymen as yet, although the time is long past due.

It is possible that the ordinance will have to be slightly amended in order to make possible an agreement. This the council is willing to do, it is understood, if they can fairly conciliate the dairymen. Expressing it briefly, the ordinance was passed in order to insure a clean quality of milk at all times, and this is all that is desired.

Another important matter that will in all probability be taken up tonight is that of the signing up of the water contract. The contract has been returned from the attorneys' hands and is now ready for signatures. It is likely that council will tonight authorize the signing of it by the president, clerk and burgess.

Fallowfield.

The Fallowfield schools opened Monday.

Miss Jane McMillen, Miss Ada Bonnell and Miss Elizabeth Hetherington are at Niagara Falls this week.

Michael Mancha, of Cokesburg, was a Sunday visitor with Misses Sarah and Minerva Mancha of this place.

Mr. and Mrs. Charles Coulter and son Glen of Maple Creek were Sunday visitors with the latter's parents, Mr. and Mrs. Isaac Jacobs of near the Dickey school house.

Mr. and Mrs. Joseph Greenice and children of Philadelphia, were Sunday guests of Mr. and Mrs. Blaine Riddle of this place.

The corps of engineers which surveyed a line for a street car line up Pigeon creek from Monongahela some time ago, is along this week locating the line.

Mrs. Eli Kell and children are spending a few days this week with her daughter, Mrs. George Smith of Monongahela.

Mrs. Townsend VanVoorhis of Monongahela, is spending this week with her son, Luther VanVoorhis, of VanVoorhis Station.

The Carroll township schools are holding a picnic at Eldora park today.

Berry Acquitted on Plea of Self Defense

**Court Does not Hold Him for
Shooting of Walter
Tross.**

George Berry, the Wireton negro, who shot and killed Walter Tross at Wireton on June 10, has been acquitted of the deed by the Westmoreland county courts, on the plea of self defense. Tross was shot while participating in a crap game. He died at the Monessen General hospital after living a day. The coroner's inquest was held at the undertaking rooms of Conwell and Crowley, Charleroi, and the jury recommended that Tross be held.

WILL USE SAME METHOD AS THAT OF ALLEGHENY

**Controller Moffitt Visits Con-
troller's Office in
Pittsburg.**

Controller John H. Moffitt was in Pittsburg yesterday inquiring further into the system used in the controller's office in Allegheny county. It has been decided to adopt the system that is used in Allegheny county in preference to the Westmoreland county system.

Mr. Moffitt said that the Allegheny county system was simple and more easily worked out, and that it kept a double check on all business. The system that will be put in force in this county, he said, would of course not be so broad as the Allegheny county system.

In Westmoreland county the system used is taken partly from the Allegheny system and partly from Lackawanna county. On his recent visit to Westmoreland county Mr. Moffitt found that they consider the Allegheny system the better.

Mr. Moffitt and Deputy Controller Charles H. Ritchie have been busy in preliminary work relative to securing the necessary stationary, books and papers for the office. This will take two or three weeks yet to get in shape, so that the office will not be ready for business for some time. There is a large amount of work involved in getting the system arranged for perfect working.

The controller will exercise a complete check over all of the other county officials. At any time the controller is privileged by law to enter any of the other offices with an auditor and check up the books and accounts of that office. Mr. Moffitt is making a thorough study of the system and when he opens the office will be ready to start right.

Veterans to Meet.

The 37th annual reunion of the 85th regiment, Pennsylvania Volunteers, will be held at Uniontown on Wednesday and Thursday, September 22 and 23. Many of the members of this famous regiment residing in Washington county are arranging to attend. Gen. Joshua B. Howell, of this regiment, was killed at Petersburg, September 14, 1864. The regiment participated in many of the important battles of the war.

MAY BRICK THE SPROUL ROAD IN FALLOWFIELD

**Will Have to be Either Re-Covered or Rebuilt--
Necessary to Repair it Every
Sixth Year.**

It is possible that the Sproul road extending from Lincoln avenue extension up Maple Creek to the junction of the Bentleyville and Centerville roads in Fallowfield township may be bricked within the course of a year or so. The road, which is about three miles in length, will either have to be re-covered or bricked, and the township officials are said to favor the latter.

It is necessary for roads such as this one to be re-covered every six

DRUM MAY APPEAL TO HIGHER COURT

**Frederick H. Ward Will
Likely Appear for
Sentence.**

Inquiry of those concerned as to whether any settlement had been reached in the case of the Commonwealth against Clifford H. Drum and Frederick Ward, convicted last week of conspiracy to defraud, elicited the information that nothing had yet been done. Monday next is the day set for imposing sentence, and something must be done within the next day or two.

Attorney A. M. Linn, of the counsel for Drum, said yesterday that there was to have been a meeting Tuesday relative to the settlement suggested by the court, but that no meeting was held. Mr. Linn said he had been expecting a call all week to go to Coal Centre.

As to Ward it has been intimated that there would be no settlement, but that he would likely appear for sentence on Monday and a supersedeas would be asked pending an appeal. One of the attorneys in the case is said to have remarked that "it looks like a superior court case to me."

INSPECTOR VISITS TOWNSHIP HOUSES

**Representative of State Board
of Health Working in
this County.**

To inspect every house and the surrounding premises in four townships is the duty required of E. M. G. Crawford of Washington who is a representative of the State Health Department in South Strabane, North and South Franklin and Canton townships. For the past four days Mr. Crawford has been traveling over South Strabane and at the present rate of progress it will require at least three weeks to complete the work.

The State Health Department is nothing if not thorough in this matter and every detail must be cared for. Mr. Crawford has received from the department a map of the United States geological survey showing every road in the four townships. On this map following his investigations Mr. Crawford must mark the location of every house and in a foot note give an account of the sanitary condition found about each place he visits.

MONESSEN TO HAVE OPENING TO RIVER

**P. and L. E. Railroad will
Assist in the Construction
of Tunnel.**

Monessen is to have a direct outlet to the river through the construction of a tunnel. A proposition, which has been accepted, has been submitted to council by the P. and L. E. railroad and this company will do a part of the work. It is planned to have the tunnel extend under the railroad and it is to be arched

LEWIS BECOMES WRATHY AND REFUSES TO DIVULGE PLAN

Will Build New Road.
Manning Stires, general manager of the Pittsburgh, McKeesport and Westmoreland Railways company, announced yesterday the concern will have a line between McKeesport and West Newton in operation within a year. The company has been granted a franchise in West Newton and next Monday bids for excavation work will be opened at the McKeesport office. The company has given a contract to complete the line between McKeesport and West Newton within a year. The distance is 19 miles.

TOO MANY FALSE ALARMS RILE THE DONORA FIREMEN

**Even Now Several Members
of the Company will not
Turn Out.**

The Donora firemen are much stirred up over a number of false fire alarms that have been turned in within the past few days. The fire alarm is an almost daily occurrence, and it has become so that even the firemen will hardly turn out now. As a result it is feared there will be a bad fire some of these days, and a lack of men to fight it.

One of the most ridiculous happenings to cause an alarm to be turned in, and consequently one that made the firemen boiling mad, was on Wednesday, when Anna Salosky sent in an alarm because a stewer of jelly boiled over while she was cooking it and caused a smoke.

It is probable that arrests will be made of guilty persons turning in these false alarms.

Notice.

I have sold the bloodhound "Hig," who was purchased partly by subscription two years ago on the terms that the public was to have 18 months' service with the dog. For the two years he has been at the disposal of the public, but any person contributing to me who is not satisfied can have his money back on application.

Harvey Osborne.

Charleroi, Sept 10, 1909.

Last night the lady employees of Eldora Park gave a supper to the management at which Manager T. P. Sloan was the guest of honor. All had a delightful time, and in return for the honor Mr. Sloan gave the ladies the freedom of the park for the evening.

Miss Dora Potter has returned to her home in Mansfield, Ohio, after an extended visit at the home of her uncle, W. E. Potter.

Improvement of the Monongahela pike, the Ginger Hill section from Clarksburg to the Sawmill school house, a distance of two miles and 200 feet, was let to N. C. Hunter at \$18,593.30. The Clarksburg-Prosperity road, from Clarksburg to the Sawmill school house, a distance of two miles and 1,500 feet was let to Neelen and Daley at \$22,204.50.

**The Fight of the Miners
Keeps Right on at
Pittsburg.**

FEEHAN GETS BEST OF IT

Several Times Words Passed

**Between National and Dis-
trict Presidents.**

Considerable unrest prevailed among the delegates to the special convention of the United Mine Workers in Moorhead Hall last night when adjournment was taken to this morning owing to disappointment over not hearing the expected proposition for the settlement of the explosive question by President Thomas L. Lewis. Mr. Lewis declined to submit his proposition to the district convention because the convention adopted the report of the committee on officers' report, part of which was a criticism of President Lewis.

Several times during the day a war of words passed between President Lewis and District President Francis Feehan. When adjournment was taken there was a resolution pending condemning the International Executive Board for not settling the powder question long ago and demanding an immediate settlement.

President Lewis, near the close of the afternoon session, claimed the convention had adopted a report containing allegations not substantiated, and that in view of that fact he would present his proposition to the International Executive Board instead of to the convention as he is acting under the direction of the International Executive Board.

President Feehan said he had been from time to time to get the international officers to take some action looking to a settlement of the question for the last eight months.

MORE WORK OF HORSE THIEVES

What is probably some more of the work of the gang of horse thieves that is said to exist in this section was that of the stealing of two horses from the stable of Collins Brownlee of West Middletown. The horses were found yesterday locked in a house near that town. The animal had been there for several days and were in an almost famished condition, having had no food or water. They had doubtless been taken and maliciously left there, when capture was feared.

The horses disappeared from the field and a search failed to find them. A little girl happened to be passing the old brick house on what is known as the Arnold Lawton farm when she heard a noise in the building. She made an investigation and saw the two horses. She at once notified Mr. Brownlee and the animals were released.

Hold Banquet.

A banquet by the Old Home Week committee of Monongahela was held last night. The affair was a huge success in every particular. This is the first anniversary of the old Home Week celebration.

AWARDS ARE MADE FOR CONSTRUCTION OF COUNTY ROADS

**Monongahela-Donora High-
way Among Those for
which Contracts are Let**

Contracts were awarded by the county commissioners yesterday afternoon for the several stretches of road, for which bids were opened on September 1.

The commissioners and engineers have had several conferences since the bids were opened. The contracts for the Monongahela-Donora road, a distance of two miles and 200 feet, which is to be bricked, was let to the Houston-Canonsburg road a distance of 2,970 feet, was let to Abbott and Myers for \$9,597.70. This road is also to be of brick. The Washington-Meadowlands road, from McLain's bridge to Meadowlands, one mile, was let to the Hallam Construction company at \$11,642.80. The im-

ASTRONOMICAL EVENTS.

Sun sets 6:14, rises 5:32; moon rises 2:21 a. m.; 7 p. m. planet Venus at descending node, crossing sun's path downward; planet Mercury visible low in west after sunset till 24th; sun's declination 4 degrees 56 minutes north of celestial equator.

A Blow to Developments.

The death of E. H. Harriman, the great railroad magnate, is undoubtedly somewhat of a blow to this section, inasmuch as it is likely to delay the rehabilitation of the Wabash interests, which Mr. Harriman was said to have in immediate contemplation. This same new developments in the upper valley were sure to have followed, which would have undoubtedly been pushed in this immediate vicinity. Now, with the death of Mr. Harriman, these developments will probably be held in abeyance until some other administrative genius is found who can get into the details of the Pittsburgh district traffic of which the Pennsylvania railroad company has a virtual monopoly.

When the Gould interests were in the ascendancy seven or eight years ago all sorts of railroad extensions from the Wabash system were planned into this immediate district. By the acquisition of the Pittsburgh Belt line

the Wabash secured access to the big steel mills and mines along the Monongahela river. The Belt line terminated at Clairton, but before the Gould interests went into the hands of a receiver rumors were rife that the line was to be extended to the big mills at Donora and Monessen, and to the Connellsville coke regions. Greene county also expected an extension of the Wabash, which would have given coal developments there a decided impetus.

While these developments are likely to come sooner or later, the death of the one who could execute them the soonest interposes a check. Harriman's death is a blow to this section.

An Annual Event.

"Bridge openings" in the river district of the county seem to be an annual event. Charleroi set the pace in the fall of 1907, when the opening of the bridge across the river to Monessen was celebrated with a monster demonstration. This was followed by the big celebration at Donora last fall, a year later, when the joint county bridge was opened between that town and Webster. Now the Monongahela chamber of commerce is planning to celebrate the opening of the joint county bridge there next month, which was erected to take the place of the one purchased but condemned by the Government.

Nothing is more conducive to the development of a community than easy access. The three bridges enumerated have materially opened up the lines of communication between populous centres, which had been hampered by the impassable barrier of the river. With easier communication trade and commerce have been stimulated, more good roads constructed, and the whole district immeasurably benefited. For three years bridge openings have marked an era of progressive development and the community will do well to make it an annual event.

Brick Roads.

By the letting of contracts for two county roads to be constructed of brick, the county commissioners will give that system a trial and possibly settle the controversy that exists as to the best methods of road construction. It is stated that the macadamized roads constructed by both the county and State are not altogether satisfactory, as neither of them stand up under ordinary traffic without expensive repairs. It is even contended that the nature of the soil here is such that a permanent bottom cannot be attained and that it shifts and sinks to such an extent as to greatly damage the macadamized roads that are constructed.

The real cause, however, is probably lack of attention. Instead of giving the roads constant attention, as is done in the old countries, the roads are permitted to go long periods without any repairs. Every road as soon as constructed develops weak spots, which should receive prompt attention. It is this care that makes the roads in Europe so perfect in the eyes of American travelers, and the lack of it that makes the Washington county roads so expensive to

maintain. Unless the proposed brick roads are looked after as carefully as the streets of a city they will also be characterized as failures.

Electric Sparks

They talk about hard cash, and uneasy rich, but there are few but whom are ready and willing to assume the management of a fortune.

Baseball doings down in Pittsburgh have caused considerable of a stir lately. Feeling has run so that fans have taken to telling them how the game should be played. And others have taken it upon themselves to tell the umpire that he is not what he is generally supposed to be.

The New York World says the Democratic party is dying at the top. Evidently the World as a Democratic newspaper feels that the best way for it to insure its future success is to shift around some.

Playing ball and running a newspaper are somewhat similar. The fans cuss the players in a game because they think they know more about the business than the men on the field, and the same individuals tell the editor how his paper should be run.

It is most noticeable that the men who makes the most mistakes themselves are the persons anxious to tell others of their failings.

A New England poet has tried to write a National song that will take the place of "America." His last line is "Proud we of thee!" That doesn't sound very well. It would hardly bear the proper recognition for such a song.

The latest is that Denmark will claim the pole. Now, look here, you fellows over there, we want you to distinctly understand that we found that affair and that if you don't behave you might butt into the Monroe Doctrine.

The Donora man who secured a marriage license for one girl, then sent it back with a request for a license to wed another, must have compared tempers.

A Thirteenth Century Drink.

Thirteenth century tastes in food had few limitations. Besides the "fowl of Africa and the rare swiftness of India" mentioned by Fitzstephen, gourmets in the time of King John used to regale themselves on herons, cranes, crows, storks, cornucopians and bitterns. Some would wash their necks down with wine, but the majority drank mead or metheglin. Mead, according to Hollinshed, was only the washing of the combs after the honey had been taken from them and so poor a beverage that it had to be spiced, peppered or made palatable with sweetbrier or thyme. But metheglin contained one hundredweight of honey to twenty-four gallons of water and must have been much more intoxicating than the strongest old ale of the present day.—London Chronicle.

Gift For Those Going Abroad.

A pretty and convenient little gift to make for the friend who is going abroad is in the form of a linen envelope about an inch longer and wider than the picture postcards which are so popular. Green or blue linen may be used and the words "Postal Cards" embroidered in the outline stitch on the front of the envelope. You can embroder your friend's initials on the flap, which fastens with a button and loop. The envelope is bound with white ribbon and makes a dainty case for the foreign postal cards.

C. W. Weltner, Druggist

Care in Preparing Food.

In recent years scientists have proved that the value of food is measured largely by its purity; the result is the most stringent pure food laws that have ever been known.

One food that has stood out prominently as a perfectly clean and pure food and which was as pure before the enactment of these laws as it could possibly be is Quaker Oats; conceded by the experts to be the ideal food for making strength of muscle and brain. The best and cheapest of all foods. The Quaker Oats Company is the only manufacturer of oatmeal that has satisfactorily solved the problem of removing the husks and black specks which are so annoying when other brands are eaten. If you are convenient to the store buy the regular size packages. If not near the store, buy the large size family packages.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. C. W. LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided. Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

cess confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

The New Fall Coats and Suits

STYLISH—PERFECTLY TAILORED GARMENTS NOW READY

The New Fall Coats The new fall coats are such as any lady would be pleased to wear. They are slightly more fitted but stylish and comfortable. We are now showing a goodly number for early fall wear, a little lighter in weight, not so stuffy and warm as the heavier winter coats, but very dressy, you'll like them, we are sure. Come in fancy mixtures, coverts, serges, etc., and the prices range at \$10, \$12.50, \$15 to \$25

The New Fall Suits It is going to be another big season for the two-piece suit, the one piece suit or dress, and the three piece suit. We are already showing some of the handsomest models, long coats and more fitted than usual, also have the instep length skirts pleated in sections—they are more than beautiful and we invite you now to see them. We have a range of suits at \$15, \$18, \$20, \$22.50, \$25 to \$40.

New Fall Skirts Dame Fashion decrees pleated skirts and we've a fine lot of the new styles and more coming almost every day. Quite pretty are these skirts and we want you to see them. **Special Sale** Quite a lot of light weight Coats for misses and children for these cool evenings, all sold at reduced prices. Are you interested in them? **Complete Showing New Fall Goods**

BERRYMAN'S

Beallsville.

Mrs. Isaac N. Cleaver of Indianapolis, Ind., after spending the past summer with her mother, Mrs. Cynthia Keys, and other relatives here, went to Charleroi Sunday, where she will spend a few weeks at the home of her sister, Mrs. J. A. Odert.

Miss Lillian Jones of Charleroi, is a guest of the Misses Flo and Mabel Clark.

William Young of Streator, Ill., formerly of near Beallsville, is spending a few weeks with friends in this section.

Joseph and Theodore Hawkins was attending to business affairs at Charleroi Tuesday.

Col. A. J. Greenfield departed for his home in Chicago, Ill., Wednesday, after a visit with Mr. and Mrs. E. G. Greenfield.

Mrs. R. M. Odert left Thursday for an extended visit with Mr. and Harford Odert of Monessen.

The friends of Mrs. J. H. Evans of near Scenery Hill tendered her a postcard shower Thursday, her 54th anniversary of her birth. She was the recipient of nearly 100 cards.

Miss Rachel Thomas of St. Charles, Mo., who has been a guest of friends in this community for several weeks has returned home.

The Ladies' Aid society of the M. E. church was entertained by Mrs. W. B. Flick, at her home at the "Pines" Wednesday.

Mrs. H. E. Dawson is spending the week with her parents, Mr. and Mrs. C. R. Trew, Crest avenue, Charleroi. Mr. and Mrs. Henry Baker of Fairmont, Ill., were recent guests of Mr. and Mrs. C. N. Horn.

Miss Cordell Keys has returned from a visit with Charleroi friends.

The 17th annual reunion of the Farquhar family, was held at the home of George Hancock, near Centerville Saturday.

Mrs. J. K. Thompson has been entertaining Mrs. Elizabeth Eagle and daughter, Mary of Newark, Ohio, the past two weeks.

James Cornell of Central City, Neb., and Geo. Cornell of Illinois, both natives of Washington county, are visiting their brother, H. H. Cornell of Deemston.

Miss Edna Lewis of Donora is visiting her cousin, Miss Clara Guseman.

Mrs. E. De Normandie of Washington, was visiting her parents, Mr. and Mrs. Geo. Amos, Monday.

THE LOADED GUN.

A Most Dangerous Thing to Have Around the Home.

The loaded pistol in the home is an object of danger, wherever it may be placed. To be of any use in an emergency it must be within easy reach. If it is within easy reach it may figure in a homicide or a suicide. The suddenly awakened person may kill a member of the household by mistake. A child may find it and explode it. If it is not within easy reach it might as well be in a shop downtown as far as resisting burglars or serving a useful purpose is concerned. If it is put away as a curiosity it should always be unloaded. If the weapon is a relic of the past, a specimen of an ancient form of gunmaking, it is just as interesting with its chambers empty as with them filled.

Of course pistols may be put away loaded with the full intention of having them safely fired or unloaded later and then forgotten. This is a matter that cannot be neglected without danger. The loaded gun is a menace to life as long as it remains loaded and within reach. Even at the bottom of a trunk it is possible cause of trouble. It behooves everybody to make sure that there are none of these hidden

BOTH PHONES.

NOTED BY A TOURIST.

Some of the Querer Things That Were Observed Abroad.

About half one's time in traveling abroad is spent in buying stamps. No matter how many I put on a letter I had no faith to believe that it would reach America. I found that I could send a letter with one stamp on it if I paid enough for it, also that I could get a denomination of which it would take twenty. In Cairo I put fifteen sphinxes and pyramids on the front of a letter and five on the back. As for postal cards, imagine asking for one in the Belgian language—Were you post-vervening!

But it is in a Mohammedan country that an American mind needs readjustment. We woke one morning in Constantinople and found our calendar nine days ahead of theirs, our watches seven hours behind and the name of the month Ramadan. The Mohammedans seem to live up to their religion in a more definite way than we do and we soon learned what to expect. The porter would drop one's trunk when the muezzin called to prayer. The sacredness of animal life compelled us to walk around the hundreds of lazy dogs asleep on the sidewalk. We were required to take off our shoes instead of our hats when entering a mosque. Women were not allowed to pray, because they "have no souls." Friday was the day for Sunday, and a camera was an "evil eye" and could not be carried into any sacred place. Our artist was once charged 20 cents extra for keeping an evil eye in his room all night.

Before the journey ends the tourist has lost his identity completely. At first he is from "Kalamazoo, Mich.," then from "Michigan," later "the United States," soon the "States," and the writer was once introduced to a gentleman from Tuscany as "the lady from North America." — Delineator Magazine

YOU TAKE NO RISK.

If you suffer constipation in any form, we believe we can furnish you permanent relief. If we fail, the medicine will cost you nothing. We want you to try Rexall Orderlies. They are eaten like candy, do not gripe or purge, cause no inconvenience whatever, and can be taken any time day or night. Try them today at our risk. Two sizes, 10c. and 25c.

Piper Bros. are pleased to announce to their customers that they have secured the agency for ZEMO, the best known remedy for the positive and permanent cure of Eczema, Pimples, Bores, Itch, Blackheads, Piles and every form of skin or scalp disease. Just in—

The very latest

Red Cross Shoe

styles

The Red Cross Tanning Process

The ordinary sole is tanned in the water, and used to bury the staining patches on the leather. This is why ordinary shoes feel hot and heavy, why they draw your feet. The Red Cross sole is tanned by a special process that takes six months to give the leather a soft, supple, and double when new.

You will like the still shorter effects, the new tips, and the rich tones of the leather. The perfect taste of each Red Cross style and the extremely short appearance they give your foot, make them strikingly attractive.

Come in and get style and comfort, get both. You may select any style you wish and wear it in perfect comfort. Tanned by the special Red Cross process, the Red Cross shoe bends with your foot. It is this that makes it so easy to walk in. Our customers always say "How I wish I had tried this shoe before".

Come in and let us fit you. Oxfords \$3.50 and \$4. High Shoes \$4 and \$5.

It bends with your foot
